

## Nair® Sensitive Precision Facial Hair Remover Cream

*with moisturising sweet almond oil 20g*

### DIRECTIONS

- Firstly remove all makeup
- Dampen skin with warm water.
- Remove product overcap and spread Nair® Facial Hair Remover Cream directly and evenly over hair with applicator tip. Spread a thick even layer
- **DO NOT RUB IN!**
- After 3-4 minutes, test a small area. If hair does not wipe off easily with a damp washcloth, leave on for a few more minutes.
- **DO NOT EXCEED 10 MINUTES.**
- For especially coarse or hard-to-remove hair, saturate hair with warm water for several minutes first, pat dry then apply cream.
- Use a damp washcloth to wipe off cream and hair.
- **DO NOT RUB OR USE SOAP.**
- Saturate with warm water and pat dry.
- Replace product overcap and store tube in carton when not in use.

**WARNING:** Irritation or allergic reaction may occur with some people. Therefore, 24 hours before each application, test a small patch of skin on the area that you wish to remove hair. If skin appears normal you can proceed. Do not use on irritated, broken or inflamed skin. Should Nair® touch eyes, inside nose, ears, lips, nipples, vaginal area or clothes, rinse thoroughly with warm water. If irritation occurs, see your doctor.
